

REED COLLEGE

Ski Class 2011-2012 Program Prices

Reed program begins 1/28/12 & runs 5 consecutive Saturdays, with 1 make-up class on 3/3/12.

The Mt. Hood Meadows College Program is a 5 week accredited physical education course. Attendance is important for grading. All students must attend each of the five 2 hour lessons.

Mandatory orientation on Tuesday 1/24/12, 5pm in Vollum Lecture Hall. Bring cash, check or credit card to pay Meadows directly for your package.

Online registration has been enhanced this season to include online rental registration. Participants will complete their rental forms online when registering for programs. Completed forms will then be printed after registration for signature. This new process will help move groups through the rental department with ease and allow better control of the forms for the group organizer. Online registration information will be sent to those students registered for this PE class prior to the mandatory meeting on 1/24/12. Questions contact Michael Lombardo - Group Organizer
